

H.B. WILLIAMS MEMORIAL LIBRARY, GISBORNE

Cam Crawford and Jody Hunt, Directors of Chillex Services, traveled down to Gisborne last week to inspect the new H.B. Williams Memorial Library. Chillex Services were very proud to be part of the mechanical services for this spectacular new building.

One of the hottest days of the year in Gisborne (29c) the clients were beaming that their building were cooled to perfection and all their staff could not be happier with their new premises.

Well done to the Chillex Team to another successful outcome and ensuring that our clients always remain cool and comfortable.
